## Overview

The International Association of Scientists and Researchers (IASR) has emerged as a pioneering organization dedicated to disseminating recent research and studies to avid learners and academics, particularly within the field of forensic science. This journey has been significantly bolstered by the steadfast support of the Sherlock Institute of Forensic Science (SIFS India). The field of forensic science has witnessed notable growth in recent decades, owing to the concerted efforts of talented individuals committed to advancing the discipline. SIFS India's pivotal role in supporting IASR has been instrumental in solidifying the prominence of forensic science in India and globally. Through initiatives such as the IASR International Conferences, which serve as platforms for researchers, academicians, and professionals to exchange ideas and insights, the organization aims to foster continuous learning and facilitate the dissemination of cutting-edge research in various domains of forensics. These include but are not limited to fingerprint analysis, questioned document examination, crime scene investigation, forensic odontology, forensic medicine and toxicology, forensic biology and serology, forensic psychology, cyber and digital forensics, as well as forensic physics and anthropology. By providing such avenues for collaboration and knowledge sharing, IASR and SIFS India are collectively contributing to the advancement and enrichment of forensic science on a global scale, thereby aiding in the effective application of forensic techniques in solving crimes and administering justice.

## SIFS India

The Sherlock Institute of Forensic Science (SIFS) India was set up in 2006 with the mission to make forensic education available to all and with a vision to make India a crime-free place to live by creating a skilled workforce of forensic experts to assist law enforcement agencies and the judiciary in bringing justice to the table within time.

SIFS India offers comprehensive industry-specific and job-ready online and offline courses, trainings, internships, workshops, and research-based projects in the diverse forensic science domains, like cyber law, cyber and digital forensics, fingerprint verification, questioned document examination, and handwriting analysis, to name a few.

It has been a frontrunner in the field of forensic science. It has been conducting various events to maximize the reach of Knowledge of forensic science across the globe. It organizes various Conferences, Seminars and Workshops with the goal of sharing recent advancements and research happening around the globe with students and professionals to boost their knowledge and morale. Forensic science has been growing significantly over the past few decades; the essential demand for progress has been met with bright young minds putting their extensive efforts into advancements in the field. SIFS India, along with other prominent organizations, have been substantial support pillars in establishing the mark of forensics in India and worldwide. The motive of constant learning and sharing recent studies and advancements has been met constantly with their continuous efforts.

## Clue4 Evidence

Evidence being one of the most wanted element in any legal trials/enquiries, failure in presenting appropriate authenticated evidence at suitable stage of the trial has been always a challenge in legal practice today. When criminals are acquitted while everyone blames the legal system, we had a different way to look at the situation and contribute our skills to the society and to be the reason for getting Justice to the victim.

Clue4 Evidence Forensic Investigations Private Limited (Clue4 Evidence Forensic Lab) is a dedicated corporate entity and has been recognized as the competent Forensic Laboratory in the field of testing and investigations. Incorporated in the year 2009, Clue4 Evidence Forensic Lab is now the most preferred Forensic partner for various high profile cases which are being investigated by Police and special investigation agencies across the Country. Having the corporate office at Bangalore, Clue4 Evidence Forensic Lab has been efficient in delivering various Forensic services to several clients across India and across the globe. The company has also been successful to offer Forensics as a tool to prevent the frauds and not just to investigate and has earned the clients from various sectors including banking, finance, insurance, housing development corporations, law enforcement (police and courts), educational institutions, corporate and individuals across the globe.

In the past several years of experience, the company has contributed to educate the people through numerous Workshops, Seminars and Certifications. The reports submitted by Clue4 Evidence has been a key evidence in passing judgement in several cases. Today, Clue4 Evidence Forensic Lab is known for its credibility and efficiency and as an organisation, we strive to offer the forensic needs of this society with the same spirit.

## Objectives

The primary objective of this conference is to bring together professionals, experts, and scholars from various disciplines within the field of forensic science to facilitate the exchange of knowledge, ideas, and advancements. It serve as a platform for participants to discuss and explore the latest developments in forensic science, including cutting-edge technologies, innovative research, and best practices in the field. Additionally, it aims to foster collaboration among individuals working in different areas of forensic science, such as DNA Analysis, Crime Scene Investigation, Cyber Forensics, Forensic Pathology and Fingerprint & Document Examination. By sharing experiences and insights, attendees can enhance their skills and expertise, ultimately contributing to the improvement of forensic science as a whole. Moreover, it provide an opportunity to address challenges and emerging trends in forensic science, ultimately aiming to enhance the accuracy and reliability of forensic investigations. Overall, the objective is to advance the science, promote professionalism, and drive positive change in the field of forensics.

## Who can join

This Conference is typically open to a wide range of individuals who have an interest in the field of forensic science and related areas. It aims to provide a platform for professionals, researchers, educators, students, and anyone interested in forensic science to come together, share knowledge, discuss the latest research and developments, and network with others in the field.

## Oral Scientific Paper & Poster Presentations

# Guidelines

## Abstract Submission Guidelines

- The Paper should be UNIQUE and UNPUBLISHED, offering new perceptions, a new approach, or new knowledge to the body of literature.
- The Abstract should be of a maximum of 300 words followed by a minimum of five keywords and the final manuscript (Note: should not include graphs/tables/images).
- The following information, in the given format, should be included in the Abstract: **Title of the Abstract, Name of the Author and co-authors, Official Designation/Institution Details, Address and Email, Type of Presentation (Offline/Online, Oral/Poster, Student/Professional) and Payment Proof.**

*The payment confirmation receipts of the author and co-authors should be attached for approval of the abstracts.*

- The submitted Abstract with relevant information will be regarded as the final submission considering the author's name, co-authors and their affiliation. Any errors in spelling, grammar or scientific fact will be reproduced as submitted by the author.
- Participant need to email their respective abstract before the mentioned deadline to **iasrconference2024@gmail.com** with the proof of payment.
- In the case of multiple authors, only one author would be allowed to present the Paper. All the co-authors need to register themselves separately to receive the participation Certificate as co-authors.
- Make sure to use Updated Version of Microsoft Office: PowerPoint for Online Presentations.

# Guidelines

## Presentation of Paper Offline

- **The Presenter should present in Microsoft Office: 10 PowerPoint slides (16:9 ratio).**
- The research work needs to be presented should have relevant information such as introduction, methodology, result and conclusion with references.
- The presentation should be professional and visually appealing, with a balance of text and graphics (charts, pictures, diagrams).
- The presentation content should reflect the content of your abstract, and the use of the headings like introduction, objectives, methods or approach, results or practice implications, conclusions is allowed as a basic template.

## Presentation of Poster Offline

- **The Presenter should present in Size of the poster: 3 feet (height) X 4 feet (width).**
- The research work needs to be presented should have relevant information such as introduction, methodology, result and conclusion with references.
- The presentation should be professional and visually appealing, with a balance of text and graphics (charts, pictures, diagrams).
- The presentation content should reflect the content of your abstract, and the use of the headings like introduction, objectives, methods or approach, results or practice implications, conclusions is allowed as a basic template.
